Changes	
Function	**Change**
Gradebook	Portal Description now clears when using Save and New option.
	Colour Coding of the Grades now matches teacher created grade scales.
	Assignment Feedback is now available in Standards view.
Quick Chart	Quick Charts now run when filter is set to All Active Students.
Scheduling	Schools can again use Alpha characters when naming sections. Valid options are: Numeric, Alpha, or Combination of numeric and alpha.
	School can now use the **_Different schedule across all terms_** with a combination of Semesters and other Terms.
	Schools can now utilize the **_Mixed Mode Scheduling_** and the application will restrict students to the designated Platoons/Teams/Houses, as defined on the course section.
