

Validation of Withdraw Field and Next School Field

School view > Student top tab > Primary Active Students filter > Pre-Transition field set

In previous years, if a student had both a **Next School** populated and the **Withdraw at EOYR** flag set, the student was moved to the new school and withdrawn during the End of Year Rollover (EOYR) process. If the student had a **Next School** populated, there was no need to set the **Withdraw** flag. Functionality now exists in MyEducation BC where students cannot have a **Next School** populated and the **Withdraw at EOYR** flag checked. An error message will come up preventing users from populating both fields in a student record. In the screen capture below, the student has both a **Next School** and **Withdraw at EOYR** flag set. Once the green checkbox is selected to save the change, the user is prompted for confirmation to save. After confirming the save, an error message comes up to indicate the record wasn't updated because an error was found. The user is prompted to hover over the highlighted cells for details:

dance	Conduct	Grades	Assessmer	t Sche										
	Search on Name	0	V I	a-z	No records w because 1 er found. Hover highlighted c	rere updated rors were over the ells for details.				Hover over the highlighted cells for details.				
Schoo	I > Name	NextS	kl > Name	Pre-tr	ansition Withdrawal Code	Academic Track	Homeroom	NextHomeroom	Next HR Teacher	Dip/SCCP Date	RetainGrade	Withdraw	Custom Selection To be Graduated	1
Braefo	ot Elementary SE	061 Braefo	ot Elementary SD	61			08				N	•	N	

The error message indicates that the **Next School** must be empty if the **Withdraw at EOYR** flag is set. The message in the screen capture below has been highlighted in yellow for demonstration purposes. It doesn't appear highlighted in yellow in the application:

Next HR Teacher	Dip/SCCP Date	RetainGrade	Withdraw	To be Graduated		
		N	2	N		
Next school mu	ist be empty if Wit	hdraw flag is se	t at FOYR (ST	D Withdraw at FOY		

If you know where the student is going in the new school year, simply populate the school in the **Next School** field in the student's record and leave the **Withdraw at EOYR** checkbox set to **No**.
