1.0 Introduction

There are several reports available to districts and schools to assist in determining a student's progress toward graduation.

Each student in BC must be assigned a Program of Study by grade 10.

2.0 Program of Study

2.1 What is a Program of Study?

To earn a diploma for graduation in BC, a student must earn a specific number of course credits, that in turn meet specific requirements, established by the Ministry.

- Students must be assigned a Program of Study on or before grade 10.
- Students are generally assigned only one Program of Study but if they have more than one assigned, there must be one that is marked as "Is Primary?".
- Specific courses are set up in MyEducation BC to meet each requirement in a program of study (determined by the Ministry)
 - Courses are determined to meet a requirement when there is a final mark and credits are earned.
- When all requirements for a Program of Study are met (course credits earned for each requirement), a student is eligible to receive the appropriate diploma or certificate.
 - A Dogwood diploma for graduation
 - A French Immersion/Francophone Dual Dogwood diploma for graduation
 - An Adult Dogwood for the BC Adult Graduation Diploma Program
 - An Evergreen certificate for a School Completion Certificate Program

2.1.1 Programs of Study

Programs of Study assigned to a student captures and tracks progress toward completion of the program through course credits that meet the requirements of the program.

When the student completes all requirements for the assigned Program of Study, they will be awarded:

- A diploma for graduation, or
- Certificate of completion.

Every BC student in grade 10-12 must be assigned a Program of Study

- Hint: if you receive an error running a Grad report, check to ensure there is a Primary Program of Study assigned.
- If a student is assigned more than one Program of Study, one must be the PRIMARY.

Programs of Study do not automatically populate in MyEducation BC, they are required for TRAX and the Graduation Reports. This field can be populated as part of the registration process.

2018 – Graduation Program	Not the current program of study for new students. Does not include the Indigenous requirement.	

Graduation Program	Program of Study	Diploma
2023 – Cornouiller Diploma	The 2023 Diplôme de fin d'études secondaires en Colombie-Britannique program for students enrolled in Programme francophone.	BC Dogwood Diploma – Francophone Program
2023 – Dogwood and Cornouiller Diploma	Students enrolled in Programme francophone on the 2023 Diplôme de fin d'études secondaires en Colombie-Britannique program (Cornouiller), who are also working towards the B.C. Certificate of Graduation (Dogwood Diploma).	BC Dogwood Diploma
2023-EN Graduation Program - English	The B.C. Certificate of Graduation or "Dogwood Diploma" program.	BC Dogwood Diploma
2023 – FI French Immersion Grad Program	French Immersion students on the 2023 B.C. Graduation program who are also working towards a Diplôme de fin d'études secondaires en Colombie-Britannique (French Immersion).	BC Dual Dogwood Diploma
Adult Graduation Program	The B.C. Adult Graduation Diploma program, also known as the "Adult Dogwood".	B.C Adult Dogwood Diploma
School Completion Certificate Program	SCCP is only for students with Inclusive Education designations on Form 1701, with a current IEP, who are not able to meet the graduation program requirements. A record of informed consent by Parent/Guardian is required. The School Completion Certificate Program recognizes the accomplishments of students on an Individual Education Plan who have met the goals of their education program. It is not a graduation credential.	Evergreen Certificate

2.1.1.3 Assigning a New Program of Study to Multiple Students

School View > Student top tab > Options > Program of Study Creator – Primary

This procedure will assign a primary Program of Study to students who do not have a Program of Study.

Note: This procedure will not over-write an existing Program of Study assigned to a student.

2.1.1.4 Assigning a New Program of Study to an Individual Student

School View > Student top tab > Transcript side tab > Programs of Study sub-side tab > Options > Add

2.1.1.5 Locating Students in a Specific Program of Study Using Filter

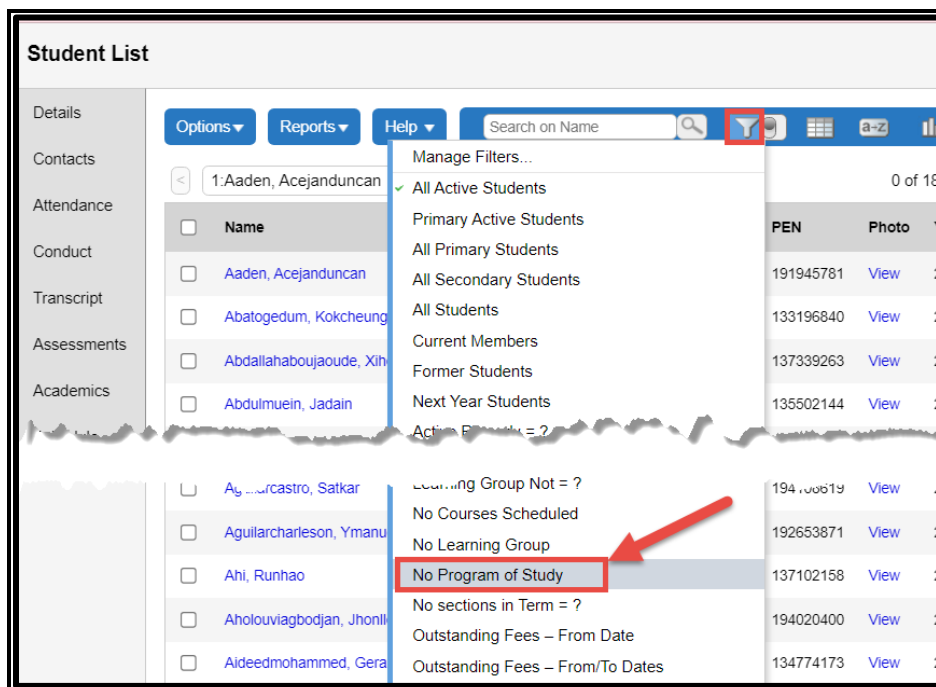

School View > Student top tab > Filter > Programs of Study= ?

For a list of students in a particular program of study, use the **“Program of Study = ?”** filter and in the pop-up choose the appropriate Program of Study and who the search is based on.

2.1.1.6 Locating Students with NO Program of Study using Filter

School View > Student top tab > Filter > No Program of Study

2.1.1.7 Mass Updating a Program of Study for Multiple Students

School View > Global top tab > Favorite side tab > Graduation Student Program > Options > Mass Update or Modify List

From the Global top tab, the Program of Study is both Mass Updateable and List Updateable.

Remember to use Options > Show Selected before using Options > Mass Update

The screenshot shows the MyEducationBC interface for 'A L Fortune Secondary 2022-2023'. The 'Global' tab is selected in the top navigation bar. Below it, the 'Favorite Tables :: Graduation Student Program' section is active. On the left sidebar, the 'Favorite' tab is selected. The main area displays a table with columns: Name, ProgramStudies > Name, ProgramStudies > DiplomaType, and ProgramStudies > Description. A modal dialog box is open over the table, titled 'Field' and 'Value', with a dropdown menu set to 'ProgramStudies'. The dialog has 'Update' and 'Cancel' buttons. A browser window in the background shows the URL 'https://dev01.myeducation.gov.bc.ca/aspen/massUpdate.do'.

Note: This process will over-write any existing Program of Study assigned to students.

3.0 Graduation Requirements, Course Requirements

Courses are added to a student schedule. Courses are set up to meet requirements a student must meet to graduate with a diploma or certificate. Each Program of Study has its own set of graduation requirements a student must meet to receive the diploma or certificate from the Ministry when they leave grade 12.

Students must meet different requirements to receive a diploma in English vs French.

7.0 BC Specific versus Core Follett Graduation Reports

Aspen Core Graduation Progress and Graduation Summary reports are not designed to work with the complexities of the 2023 BC Graduation Program and Sub Programs in MYEducationBC.

Fujitsu is in discussions with Follett to determine if BC Custom versions of these reports are a potential future enhancement.

Workaround: Use the BC custom Diploma Verification Report (DVR) and School Transcript reports to determine the student progress to graduation. Piece of the progression in delivering new 2023 Reporting Order

7.1.1 Graduation Progress Report – Core Follett

This is a core report and scopes to all students. Run the Graduation Progress report to view a list of students and their status in completing graduation requirements:

Will list requirements nested into Sub Programs using Program of Studies and Requirements on the Report Parameter Screen.

8.0 Diploma Verification Report (DVR)

The purpose of the DVR is to provide districts and schools the ability to assess the student's accomplishments towards meeting their graduation requirements of their primary program of study.

- a summary of a student's progress towards graduation or toward meeting the requirements outlined in the assigned primary Program of Study.
- can be run at both the School and District levels to ensure that students have the proper credits required to meet the primary Program of Study assigned to them for graduation.

Note: When running the report, ensure you have only the student(s) selected that you want to run the report for.

Courses with failing Interim or Final Marks will display on the Diploma Verification Report. The report is intended for student, school or counsellor purposes.

Option to add “print double sided” when printing DVRs. When choosing this option an additional blank page is added to odd numbered page. A blank page is printed at the end of the report in order to ensure that the next student's first page appears on a new page when printing DVRs in batches.

- A box is completed and marked with an “X” if:
 - All course(s) or assessment(s) have been completed to meet the requirement
 - a final mark and credits have been assigned to the course(s) meeting the requirement
 - a Provincial assessment has a final mark
- A box is marked with an “\” if:
 - A course that meets the requirement is in progress or is on the student’s schedule.
 - A course that meets the requirement is in progress with a passing mark or NO mark. (potential credits will be displayed in Section 2).
 - If the course is scheduled or In Progress with a failing interim or final mark, the requirement will NOT be met on the DVR.

The DVR also displays Numeracy Assessment (NMA) and Literacy Assessment (LTA) requirements:

Special Case:

- A or E - a student doesn't have to complete the assessment so the requirement will be checked as having been met on the DVR
- Q - Disqualified - requirement not met
- X - Incomplete - requirement not met

The special case is considered first and then a proficiency mark of "blank, 0, 1, 2, 3, 4"

- 0 is the only failing result
- blank is considered success

10.0 Graduation Status Update Report

This report is for parents, guardians, and students.

- It is intended to aid schools in communication with parents, guardians, and students.
- Summarizes student progress towards graduation for all graduation programs shown below.
- Does not replace the Diploma Verification Report or the School Transcript.

It is not intended to display **credits earned** or **marks assigned** but to identify:

- What requirements have been completed by the student
- What requirements are in progress by the student
- What requirements have yet to be completed by the student
- What Provincial Assessments have been completed by or have been scheduled for the student

Will accurately reflect a snapshot of progress based on the requirements for the Program of Study assigned to the student.

NOTE: For details on marks, credits, etc., refer to the DVR, School Transcript and other graduation reports.

Schools can print/publish updates summarizing student progress towards graduation for all current graduation programs.

10.1 Programs of Study and the Graduation Status Report

The report works with the following Programs of Study. The Program of Study is the foundational piece behind the Graduation Status Update report.

The report reflects student's progress against the requirements for the assigned Program of Study. Assigning the appropriate Program of Study to a student will be critical to have the report reflect correct and current information

10.2 Navigation

This is a student centric report and shows school information for the school running the report. You can navigate to the report in a couple of locations:

School View > Student top tab > Reports > Grad Reports > Graduation Status Update

School View > Student top tab > Transcript side tab > Reports>Grad Reports > Graduation Status Update

There is the ability to print in English or French using the user specific parameters and the transcript definition you are using.

10.3 Section 1 – Graduation Program

Graduation Program:	British Columbia Certificate of Graduation (Dogwood Diploma)
<p>In order to meet graduation requirements and be awarded a British Columbia Certificate of Graduation (Dogwood Diploma), students must earn a minimum of 80 credits and write all provincial assessments of numeracy and literacy. The 80 credits must include 52 credits for required courses and a minimum of 28 elective credits. The 28 elective credits may be from Ministry-Authorized or Board/Authority Authorized (BAA) courses, post-secondary courses or external credentials, but not Locally Developed courses. Students must also complete a minimum of 16 credits at the Grade 12 level, including a required Language Arts 12 course and Career Life Connections. At least 4 credits must have an Indigenous focus. (Indigenous-Focused Graduation Requirements - Province of British Columbia).</p>	

Diploma or certificate program assigned:

- Based on Program of Study
- Includes the description provided by the Ministry

- Requirements – not credits
- Reflects how many “credits” are required so a 2 credit course scheduled, complete or in progress will not show the requirement as complete until the additional 2 credits are earned toward the requirement.
- lists graduation requirements that are:
 - complete (student has a passing final mark in a course that meets the requirement)
 - in progress (student is scheduled in a course section of a course that meets the requirement)
 - If a course is scheduled or In Progress with a passing mark or NO mark, the requirement will display as In Progress
 - If the course is scheduled or In Progress with a failing interim or final mark, the requirement will NOT display as In Progress
 - not started yet (all remaining graduation requirements that the student hasn’t met and is not scheduled in a course section)
- Each report lists all the graduation assessments required for the assigned program of study, and which ones are met (the student has a mark for the assessment)
 - If a Provincial assessment has been scheduled (date assigned) but no mark has been assigned, a “\” is displayed
 - If a Provincial assessment has been completed with a final mark, an “X” is displayed.

- Report gives a credit count (count credits for courses with a passing final mark that currently count to meet a required subject area or elective subject)
- Does not list specific courses, course marks, or course dates. Instead, it is only listing the state of requirement completion.

Reading the Grad Status Update:

This report does NOT read the same as the DVR. Requirements are not moved to the Completed section until ALL course credits have been met to satisfy the requirement. The example illustrated below indicates that the student has completed or is in progress to complete 20 course credits out of 28 course credits required to meet the NDC or Elective requirement. The Elective requirement will not move to the Requirements currently enrolled or currently in progress or the Completed Requirements section of the report until all 28 course credits are in progress or have been acquired.

Graduation Program: School Leaving Certificate (Evergreen)		
<p>The School Completion ("Evergreen") Certificate is intended to celebrate success in learning that is not recognized in a Certificate of Graduation (Dogwood Diploma).</p> <p>The Evergreen Certificate is not a graduation credential; students who receive an Evergreen have not graduated. It is important that students and their parents clearly understand that the Evergreen represents the completion of personal learning goals but does not represent graduation.</p> <p>The decision to put a student in an Evergreen Program should not be made prior to Grade 10 and should include the informed consent of the student's parent(s)/guardian(s).</p>
