Multiple Sessions Detected Warning when logging into MyEducation BC in more than once

The best practice is to have only one active MyEducation BC session open at a time to avoid data conflicts and unexpected behavior. If you do have an active session open, and you inadvertently try logging into MyEducation BC again, you will encounter the following warning message:

Warning: Multiple Sessions Detected

Another session is already active in a different tab!

Opening multiple tabs can cause data conflicts and unexpected behavior.

Please close this tab and use the existing session.

Active tab opened at: 7/15/2026, 10:49:11 AM

If you do encounter this warning message, follow the instructions on the screen to close the tab and use the existing session.

The 'Summary' table remains unchanged.

Staff View > Student top tab > Reports > BC Homeroom List w. Desig

Both of the above-mentioned reports have been updated with new options available for selection on the parameter screens before running the reports:

- Print Photo – Selecting this option will produce a report with a photo column to the left of the student's name.
- ELL Indicator – The 'ELL (Y/N)' option is selected by default on the report parameter screen, but it can be deselected if this information is not required.
